

Circle Surrogacy & Egg Donation is the leading surrogacy agency because we always put our Intended Parents' needs first. Our surrogacy programs and pricing are structured to achieve two primary goals: **success and cost security**.

Circle is the only agency that offers you two truly fixed price options, tailored to your specific circumstances. Our **Fixed Cost Program** and **Journey Protection Guarantee** are designed to help as many Intended Parents as possible bring home a baby while reducing variable costs.

1

FIXED COST PROGRAM

Our Fixed Cost Program provides Intended Parents the security of **paying one fixed price for a single transfer journey**.

HOW IT WORKS

Intended Parents pay the one set price on the cost sheet for a single embryo transfer, reducing unexpected expenses and uncertainty of variable costs.

Fixed Cost for Surrogacy Program:
\$125,500 (excludes IVF)

If for some reason your first transfer isn't successful, Intended Parents would then pay a fixed fee for additional transfers and/or retrievals.

2

JOURNEY PROTECTION GUARANTEE

Our Journey Protection Guarantee offers Intended Parents **unlimited transfers for a fixed price**, plus the Circle Promise: we'll **refund 100% of our agency fee plus unused third party funds** if you do not bring home a baby.

HOW IT WORKS

Intended Parents pay **one fixed price for unlimited transfers and any complications** that arise during their journey.

Journey Protection Guarantee
for Surrogacy Program:
\$135,500 (excludes IVF)

If for some reason you do not achieve success and bring home a baby, **Circle will refund our agency fee and any unused third party funds**.

Circle Surrogacy is able to offer these programs because we are the most successful surrogacy agency in the country, helping to bring over 2,000 babies into the world since 1995.

Over the past 500+ surrogacy journeys, we're proud to share the **success rates** for surrogacy journeys where intended parents completed their journey.

Security & Protection

FOR SURROGACY COSTS

Surrogacy costs can be compartmentalized into four categories:

- Professional Fees
- Gestational Carrier (i.e., surrogate) Fees
- Medical & Insurance Expenses
- IVF Expenses

Most agencies do not offer fixed costs for any of these cost categories, which can result in surprise fees and financial uncertainty throughout the surrogacy journey.

Circle Surrogacy offers **fixed costs for all professional fees, gestational carrier, medical and insurance expenses**, and can connect you with IVF clinics that offer similar fixed price programs for IVF expenses. This means that Intended Parents will see one price at the beginning of their journey, and that is the price they can expect to pay – no surprises, no inflation, no last-minute extra costs.

We guarantee that the only two scenarios in which you'd experience a change in cost would be if you selected a surrogate or egg donor with a higher base fee that estimated in the cost sheets.
